

Volume measuring type  
digital control dispenser

# *MEASURING MASTER™* **MPP-1**

Ultra-precision constant  
volume dispensing of  
"liquid material  
with varying viscosity."

*Set dispensing volume to suit capacity and density*

*High resolution & high linearity*

*Tool-less operation for easy maintenance*

## Dispensing applications

*Dispensing into vial bottles*

*Potting sensor components*

*OCR (Dam)*
